## HOW TO MANUALLY REMOVE SONICWALL MCAFEE AV

Follow these steps to uninstall McAfee VirusScan (MVS) Version 4.x:

1. Log into the machine in question as a local administrator.
2. Uninstall the mcafee client from **Add/Remove** programs in the control panel.
3. Run the **MVS uninstaller** (Download <http://www.technology-usa.net/downloads/av/mvsuninst.exe>).
4. Reboot.
5. Run the VSSetup tool to C:\ (Download <http://www.technology-usa.net/downloads/av/vssetup.exe>)
6. Click **Start, Run**, type: **cmd**, and click **OK**.
7. Type **c:\vssetup.exe /uninstall** and press Enter.
8. Reboot.
9. Open **My Computer > C drive > Program files >** Delete the MacAfee folder is found.
